QUICK-DRAWS MANAGES THE DOUBLES LADDER.

The companies are not related and do not share information.

You will have a password for GigaSports and you will have a password for Quick-Draws.

To enter results you must login in.

Quick-Draws was provided a list of players (not the entire club roster) along with email addresses. When you request a password the system checks that you are on the list and the email address you provide matches Quick-Draws records. If the request fails you may not be on the list or the email address on file is not a match. If your request is rejected and if you have multiple email addresses, try one of your other email addresses. If all fails, contact Evergreen's doubles director. At this writing that is TIM MARTIN.

Once logged in you may enter results from a match.

ONLY ONE PERSON from a foursome should enter the results.

Be careful, you have to click on the names you wish to enter.

Also be careful to choose the correct button to indicate your loss or victory.

Only those matches with four valid Evergreen Doubles Ladder members will count on the Evergreen Doubles Ladder. If applicable, the match will automatically be recorded in the provincial rankings.

A confirmation email will be sent to all participants within Quick-Draws records.

That's it.

Visit Evergreen's web site, notice board at club, and attached files sent with notices for doubles activities for an enhanced description of getting a password, recording scores, etc. for Quick-Draws and the Evergreen Doubles Ladder.
